Contrib'City corrections
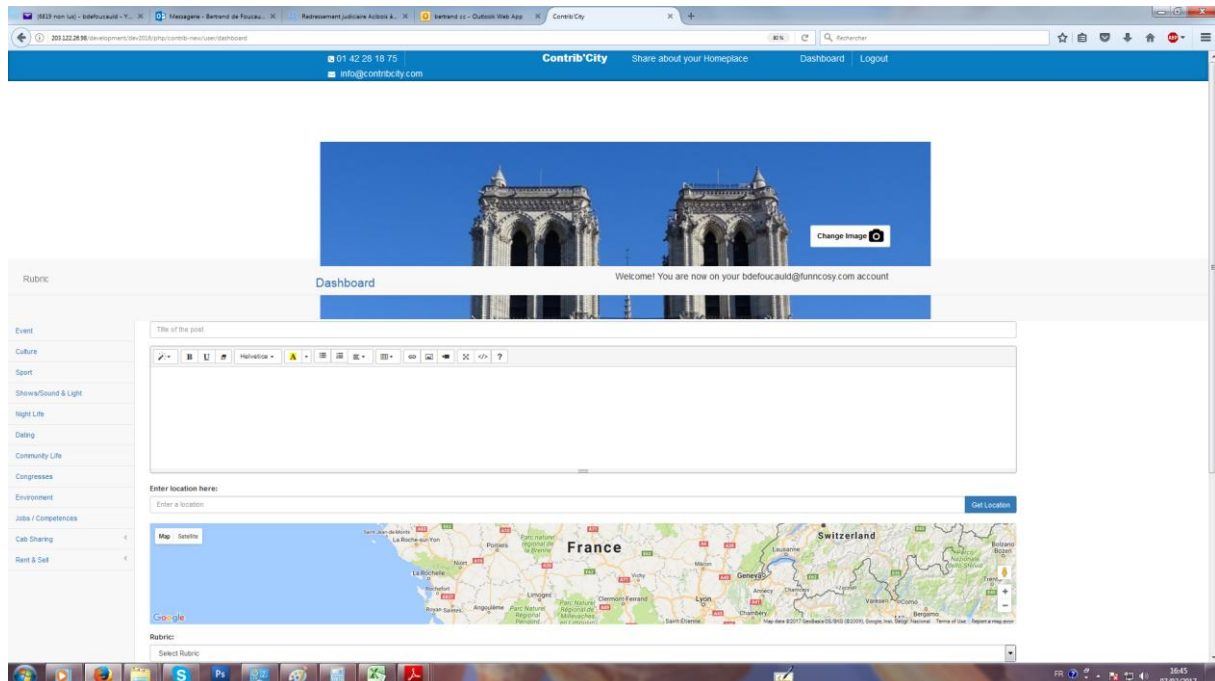

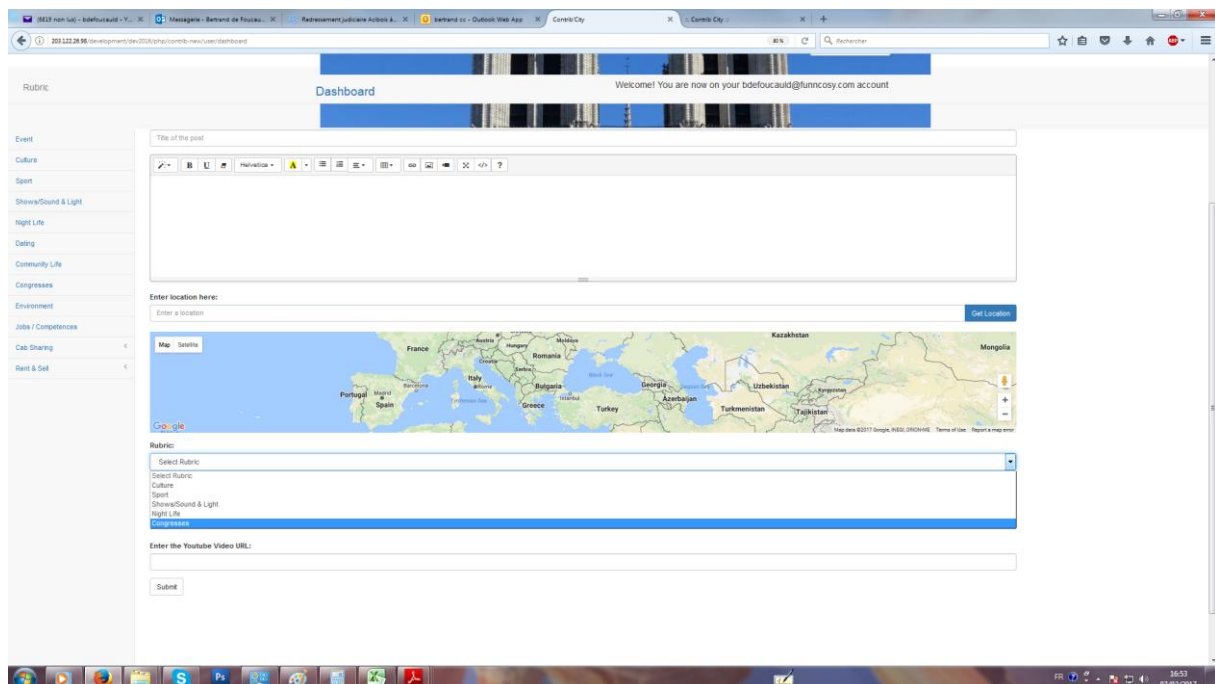

Hi Sonu! Some bugs...

[07/02/2017 16:46:50] Bertrand de Foucauld: Please see that, if possible by you, the reader can have the photo in full, but in smaller geographical size, as we have talked before.
[07/02/2017 16:49:58] Bertrand de Foucauld: When I logged in, I used my bdefoucauld@funncosy.com adress. Then, the button "friends" is automaticcaly put on "off".

[07/02/2017 16:50:34] Bertrand de Foucauld: So, I put it on "on" (perhaps it should be on "on" automatically)
[07/02/2017 16:51:06] Bertrand de Foucauld: Then it sent me to my google adress. And I do not have any contacts in Google.
[07/02/2017 16:51:29] Bertrand de Foucauld: So, as I told you, I want:
[07/02/2017 16:52:07] Bertrand de Foucauld: e-mail registration -> friends corresponding to the registration e-mail.
[07/02/2017 16:52:25] Bertrand de Foucauld: If registration is Google -> Google + friends
[07/02/2017 16:52:40] Bertrand de Foucauld: If other e-mail -> other e-mail contacts
[07/02/2017 16:53:33] Bertrand de Foucauld: Where are all the other rubrics?

[07/02/2017 17:00:20] Bertrand de Foucauld: I don't understand very well the "select car" button.
[07/02/2017 17:03:33] Bertrand de Foucauld: For the school car-sharing, perhaps we should leave an option where the driver can leave his/her name and/or his/her family name. The school car-sharing is dedicated to work inside the school organisation and managed by the schools Headmasters.

[07/02/2017 17:05:15] Bertrand de Foucauld: Rent & sell: thanks for putting the English names in the English version, as I wrote it in the table I sent you.

[07/02/2017 17:05:43] Bertrand de Foucauld: I prefer two distincts categories:
[07/02/2017 17:05:49] Bertrand de Foucauld: Yard sales
[07/02/2017 17:06:06] Bertrand de Foucauld: Real Estate
[07/02/2017 17:06:30] Bertrand de Foucauld: Those two categories are too different to be mixed up.
[07/02/2017 17:07:01] Bertrand de Foucauld: Real Estate will be organised by professionnals.
[07/02/2017 17:12:24] Bertrand de Foucauld: The blue ribbon and its titles must be a bit bigger

[07/02/2017 17:14:26] Bertrand de Foucauld: The categories and posts titles must be a bit bigger.
[07/02/2017 17:14:49] Bertrand de Foucauld: See yahoo homepage.
[07/02/2017 17:20:55] Bertrand de Foucauld: At last, I want all the post already sent to appear on the homepage.
[07/02/2017 17:21:33] Bertrand de Foucauld: If there are already to many post sent (?), have the last ones appear on the homepage.
[07/02/2017 20:59:17] Sam .: Okay sir
[07/02/2017 20:59:23] Sam .: thanks a lot for the feedback..

[11:07:37] Bertrand de Foucauld: Hello Sonu and Kailash,
How are you?
Yard Sale: when Kong Chi clicked on it, the menu did not appear.
Writting symbol: I prefer the page in yellow and the pencil in red.
[11:10:45] Bertrand de Foucauld: Linguistic table: the table appears in a small frame and not in the whole page. Working on that frame has been a bit difficult. Please can you send me again the table but which can appear on the whole screen.
[11:12:01] Kailash karayat: Hi Bertrand
[11:13:11] Kailash karayat: Thanks for the feedback, I will go throught it in some time, and will updated you with the changes mentioned above, in addition to that can you please do me a favour, can you please list all the issue in one document and send that to sam, ankit and techteam
[11:13:13] Kailash karayat: Thanks
[11:13:25] Kailash karayat: This will help me to keep track of the issues and to fix them
[12:31:04] Bertrand de Foucauld: Yard sales

[12:33:33] Bertrand de Foucauld: "Category" ("ancien" = old) duplicates the sub-section ("old"). I propose:
[12:33:56] Bertrand de Foucauld: - category -> furniture
[12:34:36] Bertrand de Foucauld: - section -> old or comtemporary
[12:34:58] Bertrand de Foucauld: I also propose that you check the whole website.

[12:42:17] Bertrand de Foucauld: I also propose that you check the whole CC website in order to put in the table ALL the sentences and titles that need to be translated. Just some examples you forgot :
[12:42:21] Bertrand de Foucauld: - add ride
[12:42:32] Bertrand de Foucauld: - add car
[12:42:36] Bertrand de Foucauld: etc...

WHen you will have completed and check, I will send to my partners.

[12:58:04] Bertrand de Foucauld: Above: here is how the table appears on my screen. Since Monday, I did not succeed in having the full frame.
